

30 May 2014

TO: All ITC-SA Members

National Communiqué No 026

Dear All,

In this communiqué, we want to introduce you to the new additions to the ITC-SA family.

ROOF TRUSS PRODUCTS:

Firstly, the ITC-SA is glad to announce the final approval of Roof Truss Products as a new System Member. After comprehensive evaluation and testing by both Prof. Walter Burdzik and Mr. Richard Bailey, the System was finally given the green light by the ITC-SA Board. The system uses the latest limited state design, and is based on SANS 10160-2011 loading code. Also, the system proved that their software complies with the National Building Regulations, SANS 10163-2003 Part 1 (Limited State Design for Timber Structures), as well as SANS 10243-2004 (The Manufacture and Erection of Timber Trusses). Specific emphasis was placed on confirming compliance with industry and ITC-SA bracing requirements.

We welcome Mr. Llewellyn Barton and his team to the ITC-SA family. The contact detail of Roof Truss Products will shortly appear on the ITC-SA web site, but contact information will be available from Ms. Amanda Obbes in the interim.

Mr. Wesley Annandale:

Secondly, Mr. Wesley Annandale joined the ITC-SA as Regional Representative for Gauteng and KZN. Wesley comes with an impressive CV, and has spent most of his working life in the timber roof truss business. He has worked his way through Designer, Fabricator, Erector and Inspector designations, and even partnered a roof truss manufacturing plant in Bloemfontein.

The mandate given to Wesley by the ITC-SA is to meet all ITC-SA Members in these two extended Regions and to ensure that the membership have a complete picture of the benefits and liabilities that come with professional accreditation. Wesley will also be marketing the ITC-SA to Local Authorities the NHBRC and professionals in the built environment.

We invite you to make full use of this resource, and that you tap into his knowledge and experience where required so that we can also learn from your experiences. Wesley can be contacted on 071 480 1472

Best Regards

Fred Wagenaar

ITC-SA
